2009-2010 SEASON

CLICK, CLACK, MOO

October 11-18, 2009

The cows in this tale are an unusual bunch—they can type and are on strike! Farmer Brown can't believe his ears when he first hears "click, clack, moo" coming from the barn. The cows are typing a letter asking for improved working conditions and will do anything to get it—even if it means refusing to be milked! A new musical comedy about the power of compromise based on Doreen Cronin and Betsy Lewin's award-winning and *New York Times* best-selling book.
